choice of hot chocolate or soft drink - juice in a jam jar

## **CHILDREN ETIQUETTE DURING FUNCTIONS**

The idea is to have fun and, to ensure that everyone does, we have a number of guidelines regarding children in the club. We love kids and children are welcome to attend your event . . . but it's important to remember that we are not a licensed childcare facility or a playground so we cannot take responsibility for their supervision or keep them entertained. (For these reasons, the club is unable to take bookings for birthday parties under the age of twenty-one.)

As a small venue with limited space and age-restricted facilities, it is important that each child remains in the immediate company of a supervising carer over eighteen years of age. Not just in your sight but by your side at all times and in all areas of the club—including the toilet facilities. We know you love your kid's boundless energy but not everyone may feel the same. Supervising carers must also be responsible for setting boundaries for their child's behaviour in consideration of the comfort, enjoyment and welfare of all club patrons.

In the interests of safety, kids are not permitted to run on club premises or climb on club furniture. If your child is getting bored and irritated being in the club, then, chances are, they are having the same effect on someone else! It's also important to note that in accordance with the Registered Clubs Act 1976, it is an offence for children to enter the Bar, TAB or Gaming areas.

Unfortunately, if a child is unsupervised or behaving in a manner which is potentially unsafe, disruptive to others or damaging to club property, the club may have to ask the carer and child to leave the premises. That's not a great way to finish a party so we appreciate you complying with our guidelines to ensure everybody's enjoyment of our facilities.
